

*STIFF- Walter Goldstein*

Walter

Hello? Anybody home? Look at this! Lovely place. I feel a lot of magic in these walls. (He takes one step on the stage and stops dramatically) Whoa, did you feel that? Feels like heaven and earth just shifted cause something happened on this stage. This place is something special I can feel it!

Saul

Goldstein? Walter Goldstein?

Walter

Hey, did someone call ahead? Or did my reputation just save me a place in line. Right you are, I would be Mr. Goldstein.

Saul

Saul...

Walter

Solomon. We got to talk. How are you? Walter Goldstein.

Stanley

Stanley Miller.

Walter

The hot shot! And who's this guy?

Stanley

This is Robert Gray.

Robert

Nice to meet you...

Stanley

*(pulling his hand back as if he were shocked)* Whoa! Did you feel that? This guy's electric!

Saul

I just want to say I love your films! They are fantastic productions for adults and children alike. We often go to the cinema to see them.

Robert

I never go to the cinema...

Saul

In town. He never goes to the cinema in town. It's too crowded. When Robert here watches one of your films he likes to be immersed in the art of the production.

Walter

Oh? Well that's wonderful. I hear you are quite the producer. Ever going to make it out west?

Saul

Oh sure eventually. I'm just trying to dedicate some time to the stage. Art for art's sake if you know what I mean. Big believer in it. It shapes our nation's children.

Walter

If you ever do it looks like I would have quite the competition, better we stay a team. For me at least.

Saul

Oh, sure, sure yeah.

Walter

Where can I get a ticket?

Saul

Huh?

Walter

Where can I get a ticket for Thursday night, or is Mick Hanging around somewhere?

Stanley

Mick?

Walter

Blake. Went to Yale with the old cat. He has impeccable taste. Read the review, had to come check it out. Got a flight in the morning back to the Gold Coast but I wanted to catch Mickey if I could. I want a seat right next to him if he's going to come.

Robert

I'm not sure if he's...

Saul

Sitting house right or left. He likes to switch it up. But you can rest assure he will be here.

Or sometimes not.

Stanley

He told me he wasn't coming.

Robert
